

Actions to help North Texas Food Bank: Start a Canned Food Drive (Ongoing Action)

As the Food Bank works to meet the need during the COVID-19 crisis, they are asking the public to host focused food drives. Simply select one item to gather, then provide the Food Bank with presorted boxes of items. The Food Bank team will use these to create family food boxes that will be provided to our Feeding Network. Our most needed items for this effort include:

- Canned tuna or chicken
- Canned fruit in juice
- Peanut butter
- Cereal bars

* Before you get started, please review our [Canned Food Drive handbook](#), which has helpful FAQs.
